Tax-free account is generally available for individuals and is only available for certain types of business accounts as long as no more than £10,000 can be held in it. Private business accounts are usually available to individuals for an additional 25% tax allowance (up to £10,500 in England and £17,600 in Wales). Non-UK citizens are eligible for a 25% tax allowance if the business has no net sales. You are also eligible to invest in a company if you can identify its owner and it does not sell shares..

iPhone 4S Version Halo Wars 4 is a first person shooter set in an abandoned war-torn future based on Halo. Your mission: to defeat the Covenant alongside your fellow Spartan squad. Image copyright PA.. Private companies with turnover of more than £100m must declare any shareholdings to HMRC, which gives them a tax-free treatment. Some investors may consider that a tax-free investment would be the proper route to take.. The change means anyone who died before receiving a pension of £2,000, and received full pension rights when they died, will not receive any income from their company, but will have to keep it in order to claim it..
